Longford House,
Bangalore,
26th October 1918.

Dear Dr. Srinivasa Rao,

In regard to measures necessary for checking the spread of influenza in the Cities of Bangalore and Mysore, it is necessary that the Health Officer, Bangalore, should be relieved forthwith of the charge of the E.D.Hospital and ordered to be in charge of itineration work in the City; and that the District Sanitary Officer, Mysore District, should be directed, during the prevalence of influenza epidemic in Mysore City, to be in charge of the influenza work within the Municipality.

These arrangements may be kindly given effect to at once.

Yours sincerely,

A.R.Banerji.

Dr. I.Srinivasa Rao, M.D.,
Sanitary Commissioner.

	was met entirely from Provincial Funds. It was then considered that the building would be used for a fortnight or so each year. The maintenance charges of the chattram and the hospital were met by the Municipal Funds and Local Funds General in the proportion of 1/3 & 2/3. Subsequently it was found that the chattram was attended by pilgrims during all the periods of the year in large numbers, and Government Sanctioned certain additional expenditure for the improvement of the buildings. As it was intended to protect the whole State from the so called "Simpatic cholera", the additional expenditure was ordered to be met from the Mal & Local Funds General in the proportion of 1/3 & 2/3. This was in the year 1897. In January 1898, Govt ordered that the detached blocks of buildings (Pilgrims Chattram) should be used for the purpose of segregation and treatment of plague patients.
	9 In April 1900, the Plague Hospital and Camp which was for years under the title of ~~management of the~~ Plague Commissariat, was ordered to be known as the Epidemic Diseases Hospital, and ~~that~~ the cost of the Hospital was ordered to be met, as a temporary measure in equal shares from Municipal and Provincial Funds. It seems also that then the Hospital came to be under the supervision of the City Health Officer who

~~succeeded~~ pension replaced the old Chief Plague Officer and Health Officer. The Chief Plague Officer and was ~~practically~~ working under the orders of the Plague Commissioner, but when the plague establishment was reduced was transferred to the Municipality, the town Hospital went also to the charge of the Health Officer.

who till 1907 was the District Civil Surgeon with an allowance of Rs 200/-.

10 In 1909 the Leper Asylum which is a Provincial Institution was, on the recommendation of the Senior Surgeon, placed for purposes of administration under the City Health Officer, as the Asylum was in the compound of the Epidemic Disease Hospital. This was ordered as a matter of administrative convenience.

11 After the reorganisation of the Sanitary Dept. pending by-product, it may perhaps be considered in consultation with the Govt. whether the Hospital may not be left in the control of that Officer, the necessary contribution being levied from the Municipality in regard to the maintenance charges.

24 The present E.D. Hospital, Bangalore is equipped with 80 beds, with necessary furniture, fittings, bedrails & clothing. As regards E.D. Hospital, Mysore, the Sanitary Commissioner reports that bedsteads & clothing to meet ordinary requirements are provided and that the furniture now in use is defective.

25 The construction of a new building at an estimated cost of Rs 75,000/- for the E.D. Hospital Bangalore has been sanctioned. The site to the South-East corner of the Basavanagudi extension has been selected. The President, Bangalore City Municipality, reports in his letter, dated 12th July 19, that the plans & estimates for the new building have been received for his Commissioner from the Superintending Engineer, will be returned after scrutiny. The Sanitary Commissioner is of opinion that the site chosen is far away from the centre of the city and the question of plans & estimates will be considered by the Central Sanitary Board at their next meeting. The Board see no objection to the selection of the site, which will also be done into by the Board.

As regards new building for the E.D. Hospital at Mysore, the Sanitary Commissioner states that

Second
FINAL NOTE BY THE ~~TEMPORARY~~ MEMBER OF COUNCIL.

---

(91)

Subject: The question of transferring of the control of the Epidemic Diseases Hospitals in Bangalore and Mysore from the Sanitary to the Medical Department.

The Epidemic Diseases Hospital, Bangalore, with the Leper Asylum attched to it and the Epidemic Diseases Hospital at Mysore are under the control of the Sanitary Department, the Health Officer of Bangalore and Mysore Cities being respectively in charge of these institutions. These Hospitals have originated from former plague hospitals which were in charge of Chief Plague Officers in the Cities of Bangalore and Mysore, and on the abolition of these offices they were transferred to the control of the Civil Surgeons who happened to be then ex-officio Sanitary Officers of their districts. When separate Health Officers were appointed for the Cities, in August 1907, the Hospitals passed under the control of the Public Health Department and this arrangement was confirmed in 1908 in Sanitary Commissioner's Circular No.1828-29 dated 23rd October 1908. In the year 1909, for mere administrative convenience, the Leper Asylum at Bangalore was attached to the Epidemic Diseases Hospital and placed under the Health Officer of Bangalore.

2. During the last Epidemic of Influenza, the President, City Municipal Council, Bangalore, brought it to notice that the supervision of the Epidemic Diseases Hospital interfered with the legitimate work of the Health Officer and requested that that Officer might be relieved of the charge of the hospital. The then Second Member of Council, Mr. A. R. Banerji, remarked on this on 31st October 1918:-

"I should like to know on what Government Order the hospitals are placed in charge of Health Officers. This is a curious arrangement," and later on when the orders of 1908 and 1909 were placed before him, he observed that they should be modified and called for a full note,

(2h

which being submitted to him, he remarked on 23rd December 1918:-

Page 6 of Office Notes

"The question is whether the Epidemic Diseases Hospital, Bangalore, and the Leper Asylum are Provincial Institutions. If so they should be under the Senior Surgeon."

3. The question of control thus raised was so far considered along with proposals for the improvement of these Epidemic Diseases Hospitals which are still separately under consideration. The Senior Surgeon who was consulted on this subject of control is of opinion that the institutions might continue under the Public Health Department. In connection with certain proposals for the charge of the Lunatic Asylum, Mr. A. R. Banerji as officiating Dewan again observed on 22nd May 1919:-

Page 24 of Office Notes

"The Epidemic Diseases Hospital should be transferred to the Medical Department in both Mysore and Bangalore as all hospitals should be under the Medical Department.

"The file re: improvements of Epidemic Diseases Hospitals should be linked with this."

4. As the question of improvements to the Epidemic Diseases Hospitals is separately under consideration and is likely to take some time to be ready for orders, the proposal to transfer the control of these institutions to the Medical Department was considered by itself in Council and it was resolved that the management of the Epidemic Diseases Hospitals should be vested in the Medical Department and that the Senior Surgeon might be requested to submit consequential proposals.

OFFICE OF THE MUNICIPAL COUNCIL,

Bangalore City, Dated ~~24th October~~ 1918.

DIARY No. .....

From

DEWAN BAHADUR RAJA SABHA BHUSHANA
K. P. PUTTANNA CHETTY, ESQUIRE, C.I.E.,
Honorary President, City Municipal Council,
BANGALORE.

To

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

SIR,

I have the honor to forward herewith copies of the marginally noted correspondence and to request that arrangements may be kindly made immediately to relieve Dr. Fernandes, Health Officer, of the charge of the Epidemic Disease Hospital and Leper Asylum, of which he is the Superintendent. The Health Officer's hands are quite full of sanitation and conservancy etc., in the city and he has little time in this epidemic season to attend to the duties of the Superintendent of E.D. Hospital. There is no Sanitary Inspector fit to take charge of Health Officer's duties.

I have the honor to be,
Sir,
Your most obedient servant,

Honorary President.

1. Letter no: 1130 from the Hon'ble President, City Municipal Council to the Senior Surgeon, dt. 18-10-1918

* C O P Y * of letter No. 1130 dated 18-10-1918 rom the Honorary President, City Municipal Council, angalore, to the Senior Surgeon with the Government f Mysore, Bangalore.

-----:O:-----

In view of the severe strain thrown upon the Health Officer in consequence of the partial breakdown of the daily conservancy arrangements for the city and his time being wholly required for his legitimate duties in the city, I have the honor to request that he may be at once relieved of the charge of the Epidemic Disease Hospital and Leper Asylum etc., even as a temporary measure until the Influenza Epidemic subsides. An Assistant Surgeon. and a Sub-Assistant Surgeon may be kindly posted for this important charge.

2. A communication adressed to the Chief Officer by Mr. Lakshmanaswamy, District Surgeon(Retired), is herein enclosed for your disposal.

-----:O:-----

* C O P Y * of letter No. C.770-2 dated 21st October 1918 from the Senior Surgeon with the Government of Mysore, Bangalore, to the Honorary President, City Municipal Council Bangalore.

-----:O:-----

With reference to your letter No. 1130, dated 18th October 1918, I have the honor to state that it is absolutely impossible, on account of want of hands, to post extra officers or medical subordinates in charge of the Epidemic Diseases Hospital and the Leper Asylum, and to request that, as already suggested in my letter No. of even date, you will kindly instruct the Health Officer to be in immediate charge of the institutions and the special influenza hos-

-pital

hospital, his ordinary duties in the City in connection with the conservancy and other work being managed by the Chief or Senior Sanitary Inspector.

The retired Medical Officer, whose application was enclosed with your letter, is not, in my opinion, fit for being entrusted with the charge of the Epidemic Diseases Hospital.

-----:O:-----

*C O P Y * of letter No. C.213-5 without date from the Senior Surgeon with the Government of Mysore, Bangalor to the President, City Municipal Council, Bangalore.

In continuation of this office letter No. C.209-5,& C.213-2 dated 8-10-1918, dated 16-10-1918 regarding measures to be adopted for dealing with Influenza in the City, I have the honor to request that arrangements may kindly be made to get ready, near the Epidemic Diseases Hospital, accommodation for 100 patients with necessarybedding and clothing, and also for the employment of 10 attendants and 10 scavengers.

In this connection I would also suggest the desirability of the Health Officer being made to live near the E.D Hospital in a temporary shed or tent, that he may be available for emergencies in that institution whenever his duties do not require him to be in the city. In fact he should be placed in immediate charge of the Influenza Wards.

-----:O:-----

* C O P Y * of letter No. 1135, dated 23rd October 18, from the Honorary President, City Municipal Council, Bangalore, to the Sanitary Commissioner in Mysore, Bangalore.

-----:O:-----

(33

I have the honor to forward herewith copy of my letter No. 1130 of the 18th instant to the Senior Surgeon - also copy of Dr. Mylvaganam's report on the Epidemic Disease Hospital

I shall thank you to make immediate arrangements to relieve Dr. Fernandes of the charge of the E.D.Hospital as his time is fully occupied with important health matters in the City and to make more satisfactory arrangements for the conduct of work in the E.D.Hospital.

-----:O:-----

* C O P Y * of letter No. C.Dis 164 dated 23rd October 1918 from the Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, Bangalore, to the Honorary President, City Municipal Council, Bangalore.

-----:O:-----

I have the honor to acknowledge receipt of your letter No. 1135 dated the 23rd instant requesting that arrangements be made to relieve Mr. F. Fernandes of the charge of the Epidemic Diseases Hospital. I regret that owing to the paucity of officers in this department, I am unable to post a whole-time officer for the charge of the Epidemic Diseases Hospital.

Enc: one

11765.

From

A. K. PANI, Esq., D.P.H., etc.
Offg. Sanitary Commissioner with the Government of
H. H. the Maharaja of Mysore, BANGALORE

To

C. S. Balasundaram Iyer Esq., B. A.,
Chief Secretary to Government. Bangalore.

Sir,

With reference to your letter No. G. 14165 San. 53-18-2 dated the 11th. January 1919, I have the honor to submit herewith a statement showing the details called for pertaining to the Leper Asylum at Bangalore.

2. The inmates are drawn from all parts of the State and also from the Civil and Military Station. The Institution was formerly located near the Government Lunatic Asylum but the inadvisability of a large number of lepers residing in the midst of a crowded locality, rendered the construction of a special Asylum necessary. New buildings at a cost of Rs. 7,000 were accordingly put up in 1906, in contiguity with the Epidemic Diseases Hospital on the Magadi Road.

3. It need scarcely be remarked that the primary object of an Asylum for lepers is to provide them with a suitable environment such as might produce a genuine sense of home and might tend to divert their minds from a constant brooding over their lot. In this respect, the Bangalore Asylum is defective.

4. The cubical contents of each of the two wards of

MF

No.

Enclosure No. One

59825

Submitting information called for regarding to the Leper Asylum at Bangalore.

25/2/19

the Asylum are 10,124 cubic feet, which gives an average of 506 c. ft. and about 37 superficial feet per inmate. Further, the cooping up of a large number of persons suffering from leprosy of varying stages of development is open to objection. An extensive area of land, for purposes of recreation, gardening &c, and preferably of the nature of a park is one of the first requisites. The land should be enclosed and dotted over with small cottges to accommodate the lepers. Arrangements should, of course, be made for the separation of the sexes.. An Asylum so built would be likely to attract a large majority of nearly 1,500 lepers that inhabit the State. It would thus indirectly and without special legislation be a means for the effective control of the lepers.

5. When the Epidemic Diseases Hospital is removed from its present site to the new buildings that are to be constructed, the Leper Asylum also will have to be shifted. The question of suitable buildings for the Asylum has therefore to be considered.

I have the honor to be,

Sir,

Your most obedient servant,

Offg. Sanitary Commissioner.

Leper Asylum, Bangalore

Mungeshwar
for Asst: President
22/2/19.

Office of the Sanitary Commissioner
with the Government of Mysore,
Bangalore, Dated the 22nd February 1919.

No. G.C 3587-7 Gue 2

11689.

From

A. K. Pani, Esq., D.P.H.,
Offg. Sanitary Commissioner in Mysore,
Bangalore.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

With reference to your memo No. G. 15523 dated the 25th January 1919, regarding the Epidemic Diseases Hospital at Mysore, I have the honour to state that the Institution was placed under the charge of the Health Officer, under the authority of a departmental circular (No. 1628-29 dated the 23rd October 1908) issued by the Sanitary Commissioner.

2. The details (a) of establishment and (b) of the expenditure incurred for the past three years are shown in the accompanying statement.

3. The Institution is equipped with an adequate supply of surgical instruments and appliances and books of reference. Bedding and clothing to meet ordinary requirements are provided. The furniture is defective. New cots and other furniture necessary to ensure a decent amount of comfort to the patients have to be provided.

4. I gather from a report received from the Health Officer that it is proposed to locate the E.D. Hospital about 1/2 a mile to the north of the present site to make room for a new extension that will be ~~found~~ formed on this side of the City. No definite proposals for rebuilding the Hospital on up to date lines however have yet

From

A. K. Pani, Esq., D.P.H.,
Offg. Sanitary Commissioner in Mysore,
B A N G A L O R E.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore,
B A N G A L O R E.

Sir,

In reply to your letter No. G. 14166 San. 53-18-3 dated the 11th January 1919, I have the honour to state that the Epidemic Diseases Hospital at Bangalore was placed in Medical charge of the Health Officer, under the authority of a departmental circular issued by Col. Smyth in 1908, copy of which is enclosed for the information of Government. The object seems to have been that the Medical training of the Health Officer should be utilised to the fullest extent possible in the only Institution in which his professional Medical knowledge could be put to use consistently with his other duties as Health Officer. This arrangement also facilitates the administration of the Hospital by the Municipality to whose funds the entire expenditure connected with the Hospital is debited in the first instance. I do not, however, suggest that the existing arrangement need be perpetnated when new buildings and an up-to-date equipment are provided for the Hospital.

2. An establishment costing Rs. 159-8-0 is at present maintained. The average total annual expenditure for the past three years amounted to Rs. 7,394. The accompanying statement

WD 02785—GPB— 79,000—25-2-17—S.

Furnishing certain particulars relating to the E. D. Hospital, Mysore City- Bangalore City.

(58)

furnished details.

3. The present Hospital is equipped with 80 beds with the necessary furniture and fittings, beding and clothing, Medicines and surgical instruments..

4. An extensive plot of ground about 153 ~~areas~~ acres in extent and situated at the South-Eastern corner of the Basavagudi extension has been approved by Government in their Order No. 510-3/ Med. 98-16-5 dated the 25th July 1918 as the site for the new Hospital proposed to be constructed. The Deputy Commissioner, Bangalore District, has been authorised to take order for the acquisition ofthe properties (Vide Government Order No. P. 88/M. 2617-20/13336-39 dated the 27th November 1918). Plans and estimates are reported to have been received from the Public Works Department for the countersignature of the Honourary President.

5. In regard to the site chosen for the Hospital, I cannot help entertaining some misgiving. The site is situated so far away from the centre of the City that it is hardly likely to induce a desire in the people to seek treatment for infectious diseases in this Hospital in the same manner as they do for non-infectious diseases in say, the Victoria Hospital or the Minto Opthalmic Hospital. The complete - - dissociation of the Institution from inhabited localities is a factor that tends to discourage people from freely resorting to the Hospital. Discomfort to patents may be minimised and time saved by the provision of motor ambulances and also - - perhaps by the establishment of a telephone service. Nevertheless a mere sense of the distance may keep back a large majority of the people who would otherwise gladly avail themselves of the Medical aid provided.

6. I believe that in the selection of the present site

(59

the aim has been to secure freedom from the possibility of the Hospital becoming a source of infection to the neighbourhood. But it must be remembered that, in the absence of - - legislation for compulsory segregation, at least ten patients remain in their own houses for every one that may seek - - - admission to the Hospital. Now, the danger of infection from every one of such patients--scattered perhaps in every locality and in the closest proximity to inhabited houses, is infinitely more real and greater than that to be apprehended from the relatively few cases in the Hospital. When, at the same time it is considered that effective precautions directed towards preventing the possible spread of infection are the Sine qua Non of sound Hospital management, it will be obvious that the apprehension is not well-~~formed~~ founded.

I have requested the Chief Engineer to forward the plans and estimates for consideration at a Special Meeting of the Central Sanitary Board. If Government see no objection, the question of the suitability of the present site may also be considered by the Board.

I have the honour to be,

Sir,

Your most obedient servant,

A.D. Nair

Offg. Sanitary Commissioner.

No. 160

Encl: one.

Ch Secy
7 MAR 1919

From

Office of the President;
City Municipal Council, Mysore.
Dated 3rd March 1919.

The President,
City Municipal Council,
Mysore City.

60111

To

The Chief Secretary,
to the Govt: of His Highness the
Maharaja of Mysore,
Bangalore.

Sir,

With reference to your No:- 15522 dated 25-1-19, calling for certain information regarding the Epidemic Diseases Hospital, Mysore, under certain headings, I have the honor to furnish enclosed the information required.

I have the honor to be,
Sir,
obedient servant,

K [illegible]
President.

WHEN AND UNDER WHAT CIRCUMSTANCES THE EPIDEMIC DISEASES HOSPITAL WAS PLACED UNDER THE CHARGE OF THE HEALTH OFFICER.

In the year 1898 when plague spread to Mysore City, temporary ospital accommodation was run up in a maidan to the north of the ity beyond Erangere, for the purpose of isolation and treatment f the sick. This was the plague hospital. As at the time there as no whole time Health Officer, the Civil Surgeon stationed in ne city was placed in the administrative charge of this hospital. n the year 1901 a whole time Health Officer was appointed and the lague hospital was transferred from the Civil Surgeon to this hole time officer and it has continued to be so ever since.

While originally the temporary plague hospital was solely ntended for plague, in later years as the ravages of plague ecreased, cases of small-pox and cholera and incurables commenced o be admitted to keep the staff going and the plague hospital was o more a " Plague Hospital " but its designation was changed to Isolation Hospital ". About three years ago the name "Isolation ospital " was further changed into "Epidemic Diseases Hospital".

I. THE DETAILS OF ESTABLISHMENT SANCTIONED FOR THE INSTITUTION:-

ub Assistant Surgeon	1	on Rs: 45 plus 15 per mensem.	
ompounder	1	Rs: 12	"
urse	1	Rs: 15	"
eon	1	Rs: 6	"
arders male	2	Rs: 12 each	"
arders female	2	Rs: 12 each	"
ook	1	Rs: 10	"
asherman	1	Rs: 10	"
weeper male	1	Rs: 10	"
weeper female	1	Rs: 8	"
Police Constables	2	Rs: 8 each	"

(N.B. In times of epidemics if there should be a rush for admission extra temporary staff is entertained according to requirements.)

III. THE EXPENDITURE INCURRED FOR THE PAST 3 YEARS UNDER DIFFERENT HEADS.

1. Establishment charges including extra temporary staff entertained when work was heavy.	1915-1916.	Rs:2063 -15 - 3
	1916-1917.	Rs:2348 - 0 - 7
	1917-1918.	Rs:2273 - 0 - 4

(64

2.	Dieting charges.	1915-1916. Rs: 1419 - 0 - 0 1916-1917. Rs: 2433 -15 - 3 1917-1918. Rs: 1624 -12 -10.
3.	Contingent charges.	1915-1916. Rs: 197 -14 - 0 1916-1917. Rs: 324 - 5 - 6. 1917-1918. Rs: 190 -15 - 8.
4.	Bedding and clothing.	1915-1916. Rs: 560 - 0 - 0 1916-1917. Rs: nil. 1917-1918. Rs: nil.
5.	Constructions and repairs etc., towards and other buildings in the Hospital - premises.	1915-1916. Rs: 1200 - 0 - 0 1916-1917. Rs: nil. 1917-1918. Rs: 392 - 0 - 0
6.	Medicines.	These are supplied from the Medical Stores, Bangalore.

IV. EQUIPMENT.

1.	Surgical instruments.	There is an adequate supply.
2.	Surgical appliances and Sundry articles.	There is an adequate supply.
3.	Stationary articles.	Supply is enough.
4.	Bedding and clothing.	There is enough to meet the ordinary requirements.
5.	Books.	A number of books of references are maintained in the Hospital.
6.	Furniture.	There is not enough furniture. There is hardly one decent cot for the - patients. Other furniture so necessary for the comfort of the patients is also badly wanting.

V. THE PLACE WHERE THE PRESENT BUILDING IS LOCATED AND WHETHER IT IS CONVENIENT FOR A HOSPITAL.

The Epidemic Diseases Hospital now is located in a maidan to the North of the city close to the old Travellers' Bungalow and beyond Erangere. It has neither all the comforts nor conveniences of what such an Hospital is expected to have.

The extensions of the city and the new projects in hand for further laying out in this direction render it necessary that this Hospital should be shifted to a more convenient locality and there constructed on up to date lines.

President,
City Municipal Council, Mysore.

Mysore.
Dated 4th March 1919.

No. S. 275:111 Office of the Senior Surgeon, Mysore Govt., 68
Encls.
Dated, Bangalore, 20th March 1919.

13401.

From

akarya Pravina
Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G.20485-San.53-18-8, dated the 13th March 1919, I have the honor to state that the Epidemic Diseases Hospitals in Bangalore, Mysore and Robertspnpet, (Kolar Gold Fields), are maintained by the respective City Municipalities and the local institutions Sanitary Board, K.G.F., are in charge of the Health Officers of the localities concerned who are under the administrative control of the Sanitary Commissioner and ought to be continued as such.

Although the Leper Asylum is a provincial institution and is located in Bangalore, yet it is an institution for patients suffering an infectious disease and as such, ought to be in charge of an officer of the Public Health Department, under the control of the Sanitary Commissioner. As the number of patients in the institutions is very limited, it can conveniently be managed by the officer in charge of the Epidemic Diseases Hospital.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

R e a d:-

Government Proceedings Nos PG. 1291-3 and P.G. 919-22 dated 19th April 1900 and 29th January 1901 respectively approving the proposals of the Plague Commissioner for the reorganisation and reduction of the Plague establishments in Bangalore and Mysore Cities and -- transferring the charge of the Chief Plague officers in regard to the E.D. Hospitals to the control of the Civil Surgeons who happened to be then ex-officio Sanitary Officers.

2. Government Proceedings No. 1378-92/San.93-06-8 dated the 10th August 1907 sanctioning the constitution of the Public Health Department in the State and appointing Health Officers for the cities of Bangalore ~~and~~ Mysore and the Kolar Gold Fields.

3. G.P.No.4003-6/San.183-98 - dated the 9th November 1909 transferring the administration and control of the Leper Asylum to the Public Health Department and placing the Asylum - under the supervision of the Health Officer, Bangalore City.

6. Letter No.115 dated the 24th October 1918 from the President, City Municipal Council, Bangalore, requesting that arrangements may be made to relieve the Health Officer of the clery --

the E.D.Hospital and Leper Asylum to enable him to devote fuller attention to ~~his legitimate duties in connection with~~ sanitation and conservancy of the

4. G.O.No.3725-81/Med.126-15-6 dated 12-12-1916 directing the construction of a new building at a cost of Rs.75,000/- for the E.D.Hospital in Bangalore.

5. G.O.No.510-3/Med.96-16-5 dated 25-7-1917 approving of the site to the south east corner of the Basavangudi Extension for the new E.D.Hospital.

7. Letter No.A.Dis.111 dated 20th March 1919 from the Senior Surgeon, stating that the E.D.Hospitals in Bangalore and Mysore and Kolar Gold Fields and also the Leper Asylum in Bangalore may be continued ~~to be~~ under the administrative control of the Sanitary Commissioner.

8. Letter No.G.C.355-19 dated the 26th April 1919 from the Sanitary Commissioner forwarding the resolution of the Central Sanitary Board on the question of the site, plans and estimate for the new E.D.Hospital that the site selected by the Sanitary Commissioner near the present Octroi Ookad in the Mysore Road is centrally situated and that the ~~Senior Surgeon~~ Sanitary Commissioner be requested to prepare a suitable design and rough plans for the new E.D. Hospital.

Order

(71)

Order No. G 3824-30

Dated Bangalore, 14 Aug. 1919.

The E.D.Hospitals at Bangalore and Mysore Cities which were transferred to the charge of the District Surgeons who were also District Sanitary Officers at the time of the reduction of plague - establishments came under the charge of the Health officers of the cities in 1908 when the Public Health Department was constituted and have continued under that department ever since, and ~~in the third of the orders read above~~ subsequently, the Bangalore Leper Asylum till then under the Senior Surgeon was attached to the E.D.Hospital and placed under the -- Health Officer of the City. 2. Government have under consideration the question of improving the Epidemic Diseases -- Hospitals and have sanctioned the construction of buildings for these Bangalo ~~Hospital stitutions in the orders read above &~~ details which are re plans, etc. now under consideration.

Pending issue of further orders on the improvements ~~these matters~~ required, Government consider that the management of the E.D.Hospitals at Bangalore and Mysore should vest in the Medical Department and are pleased to direct that they be made over by the respective Municipalities to the Medical Department. The Bangalore Leper Asylum will continue to be attached to the E.D.Hospital Bangalore and will ~~also~~ pass ~~into~~ with ~~the~~ charge of the Medical - Department ~~too~~.

necessarily come under the control

(72)

3. The Senior Surgeon is requested to propose ~~all~~ arrangements consequent on the above decision of Govt.

9/8/49.

Subject.

Regarding the transfer of the -- Control of the Epidemic Hospitals at - Bangalore and Mysore.

Office of the Senior Surgeon, Mysore Govt.

Dated Bangalore, 20th August 1919

No. C. 307. Official Memorandum.

The transfer of the Epidemic Diseases Hospitals at Bangalore and Mysore from the control of the respective Municipalities to that of the Medical Department having been ordered by Government in their Order No.G.3824-30-San.55-18-12, dated 14th August 1919, the following arrangements are hereby ordered in anticipation of the sanction of Government.

Mr. M. C. Asirvatham, M.B., C.M, to take charge of the Epidemic Diseases Hospital, Bangalore, and the Leper Asylum attached thereto, from the Bangalore City Municipality. He will put the institution in thorough working order, and draw up an indent for fittings, furniture, bedding and clothing, sufficient to accommodate a hundred patients, for influenza emergency and send up the indent to the Hon. President of the Bangalore City Municipality for the necessary supply being arranged. The present establishment of the institutions will continue and proposals for augmenting the same may be submitted as occasion may arise. Mr. Asirvatham will be in charge of the above institutions without prejudice to his present duties in the X.Ray department of the Victoria Hospital, the Medical School, and the Central Jail.

Mr. C. Rajagopala Mudaliar, M.B., C.M., Assistant Surgeon, Krishnarajendra Hospital, will similarly take charge of the Epidemic Diseases Hospital at Mysore, and send up proposals as above, to the Hon. President, Mysore City Municipality, to equip the institution for accommodating a hundred patients, for influenza emergency, and for increase of establishment and supply of medicines, according to necessity, to this office. He will be in charge of the institution without prejudice to his present duties in the Krishnarajendra Hospital and the Mysore Jail.

Senior Surgeon.

Control of the Epidemic Diseases Hospitals.

No. G. 3824-30—SAN. 53-18-12, DATED 14TH AUGUST 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ —

Government Proceedings Nos. P. G. 1291-3 and P. G. 919-22, dated 19th April 1900, and 29th January 1901, respectively, approving the proposals of the Plague Commissioner for the reorganisation and reduction of the Plague establishments in Bangalore and Mysore Cities and transferring the charge of the Chief Plague-Officers in regard to the Epidemic Diseases Hospitals to the control of the Civil Surgeons who happened to be then *ex-officio* Sanitary officers.

2. Government Proceedings No. 1378-92—San. 91-06-8, dated the 10th August 1907, sanctioning the constitution of the Public Health Department in the State and appointing Health officers for the Cities of Bangalore, Mysore and the Kolar Gold Fields.

3. Government Proceedings No. 4003-6—San. 183-08, dated the 9th November 1909, transferring the administration and control of the Leper Asylum to the Public Health Department and placing the Asylum under the supervision of the Health Officer, Bangalore City.

4. Letter No. 115, dated the 24th October 1918, from the President, City Municipal Council, Bangalore, requesting that arrangements may be made to relieve the Health Officer of the charge of the Epidemic Diseascs Hospital and Leper Asylum to enable him to devote fuller attention to the sanitation, conservancy, etc., of the City.

5. Letter No. A. Dis. 111, dated 20th March 1919, from the Senior Surgeon, stating that the Epidemic Diseases Hospitals in Bangalore, Mysore and Kolar Gold Fields and also the Leper Asylum in Bangalore may continue under the administrative contol of the Sanitary Commissioner.

Order No G. 3824-30—San. 53-18-12, dated 14th August 1919.

The Epidemic Diseases Hospital at Bangalore and Mysore Cities which were transferred to the charge of the District Surgeons who were also District Sanitary Officers at the time of the reduction of plague establishments, came under the charge of the Health Officers of the cities in 1908 when the Public Health Department was constituted and have continued under that department ever since; and subsequently the Bangalore Leper Asylum till then under the Senior Surgeon was attached to the Epidemic Diseases Hospital and placed under the Health Officer of the City.

2. Government have under consideration the question of improving the Epidemic Diseases Hospitals and have sanctioned the construction of buildings for the Bangalore Hospital details of which *re* plans, etc., are now under consideration. Pending issue of further orders on the improvements required, Government consider that the management of the Epidemic Diseases Hospitals at Bangalore and Mysore should vest in the Medical Department and are therefore pleased to direct that they be made over by the respective Municipalities to the Medical Department. The Bangalore Leper Asylum will continue to be attached to the Epidemic Diseases Hospital, Bangalore and will necessarily come under the control of the Medical Department.

3. The Senior Surgeon is requested to propose the necessary arrangements consequent on the above decision of Government.

S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Presidents of Bangalore and Mysore City Municipal Councils.
The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Comptroller, Mysore Government.
